SCREWDRIVERS BLADE HOLDER VDE 1000 VOLTS ELECTRIC

ITEM: LIFTUP ELECTRIC 38610

STANDARD IEC 60900

Insulated screwdrivers with interchangeable blade up to 1000 Volt with tool magazine stowed in the handle, suitable for screwing in areas with parts and components under electrical voltage up to 1.000V-AC and for controlled screwing with the application of EasyTorque Electric torque adapters (Optional).

Composition:

- Screwdriver blade holder LiftUp VDE 1000V LiftUp Electric
- Blade Series 2831 Electric VDE 1000V blades with cut 2.5 - 3.0 - 4.0 - 5.5 mm
- Blade Series 2831 Electric VDE 1000V Phillips® PH1 - PH2

LiftUp screwdrivers must only be used with Series 2831 Electric interchangeable blades and for controlled closures in combination with Easy Torque Electric adapters (Optional)

ADAPTERS DYNAMOMETRIC EASYTORQUE ELECTRIC IN SET

ITEM: 41479 ELECTRIC

STANDARD IEC 60900 DIN EN ISO 6789

Set of 5 insulated fixed torque adapters up to 1000 volts for controlled screwing in areas with live parts and components up to 1.000V-AC.

Composition of the set:

Dynamometric adapters 0,8 - 2,0 - 2,5 - 2,8 -4,0 Nm
