

BITS FOR TORX® SCREWS 867/1 IMP DC

ITEM: 867/1 IMP DC IMPAKTOR

Bits for Torx® screws with hexagonal drive 1/4" for Insert holders DIN ISO 1173-D 6,3. The Impaktor technology gives the tool an extraordinary above average service life even in cases of extreme stress, recommended for use with customary Impact drivers. It's rough diamond coating reduces the risk that the tool slips from the screws with a chromatic identification depending of the profile (Green = Torx) and indication of the measurement.

Tech. Code		○	●	Length mm
