

HALDER NO REBOUND MALLET SECURAL

ITEM: EH 3380

No rebound mallets with medium hard yellow polyurethane heads. The rectangular shape of the inserts greatly facilitates machining in the presence of right angles and edges. Monoblock steel structure and ergonomic rubber handle.

Tech. Code		mm	L1 mm	L2 mm	Weight g	
F542530		30 x 40	300	117	680	1
F542535		35 x 45	310	140	1000	

HALDER POLYURETHANE TIPS SECURAL

ITEM: 3511

Yellow polyurethane striking tips for Secur mallets.

Tech. Code		mm	
F542630		30 x 40	1
F542635		35 x 45	

Price refers to each head

HALDER NO-REBOUND HAMMERS BLACKCRAFT

ITEM: EH 3379

Blackcraft hammers no-rebound, made of steel with polyurethane coating and ergonomic non-slip handle, suitable for processing components with very delicate surfaces.

Tech. Code		Ø mm	L1 mm	L2 mm	Weight g	
F542940		40	300	110	640	1
F542950		50	310	115	900	
F542960		60	315	120	1300	

POLYURETHANE COATED HAMMERS NO REBOUND

ITEM: F5355

Hammers with internal metal soul with a cartridge containing micro steel constructed with polyurethane coating. Resistant to oil, acid and weak fluids. No visible metal

Coating hardness: 95 Shore

Resistant to heat: - 24°C + 90°C

Tech. Code		Ø External mm	Ø knocker mm	Length mm	Weight g	
F535542		42	32	280	500	1
F535552		52	40	310	800	
F535560		60	48	350	1000	
F535565		65	50		1500	

RUBBER MALLET

ITEM: F5430

Rubber mallets with ash wood handle.

Tech. Code		Ø mm	Weight g	
F5430300		52	300	6
F5430500		60	500	
F5430600		66	600	
F5430700		73	700	
F54301000		85	1000	

RUBBER MALLET

ITEM: F5431

White rubber mallets, ash wood handle.

Tech. Code		Ø mm	Weight g	
F543140		40	185	6
F543155		55	300	
F543160		60	500	
F543165		65	600	
F543175		75	700
