

SPATULAS IN STAINLESS STEEL

ITEM: F9612

Stainless steel blade with precision rolling to ensure perfect taper and adequate flexibility. Ergonomic two-component handle made of polypropylene and non-slip thermoplastic rubber.

Tech. Code		Blade length mm	
F9612040		40	12
F9612060		60	
F9612080		80	
F9612100		100	
F9612120		120	

OILERS

ITEM: F9708

Pressure oiler with rigid spout.
Polyethylene can and anatomic handle grip in polypropylene, brass pump.
Professional series made in Italy

Tech. Code		Capacity ml
F9708200		200
F9708300		300
F9708500		500
F9708-18C		Spare spout

ITEM: F9709

Pressure oiler with flexible spout.
Polyethylene can and anatomic handle grip, brass pump.
Professional series made in Italy

Tech. Code		Capacity ml
F9709200		200
F9709300		300
F9709-19C		Spare spout

METAL OILERS

ITEM: F9718

Pressure oiler with rigid spout.
Painted sheet metal can, metal handle with die-cap, brass pump.
Professional series made in Italy.

Tech. Code		Capacity ml
F9718300		300
F9718500		500
F9718750		750

ITEM: F9719

Pressure oiler with flexible spout.
Painted sheet metal can, metal handle with die-cap, brass pump.
Professional series made in Italy

Tech. Code		Capacity ml
F9719200		200
F9719300		300
F9719500		500
F9719750		750

OILERS

ITEM: F9730

Low density polyethylene, metal spout.

Tech. Code		Capacity ml
F9730250		250
F9730500		500

SPRAYERS WITH VAPORIZER

ITEM: F9740

High density polyethylene.

Tech. Code		Capacity ml
F97401000		1000
