ITEM: SERIE 293 - QUANTUMIKE

This micrometer, with a screw pitch of 2mm/rev, offers a speed of displacement of the stem four times higher than that of a common micrometer. The QuantuMike offers an Instrumental error of only $\pm 1\mu\text{m}$ (for models with 75mm or less). The double clutch allows the use of the Instrument with one hand. The IP65 protection grants an excellent resistance to liquids and powders. Data output.
