

WODEX 6 SLIDING T-HANDLE SWIVEL HEAD HEXAGONAL WRENCHES

ITEM: WX2745

STANDARD ISO 1171-1 C

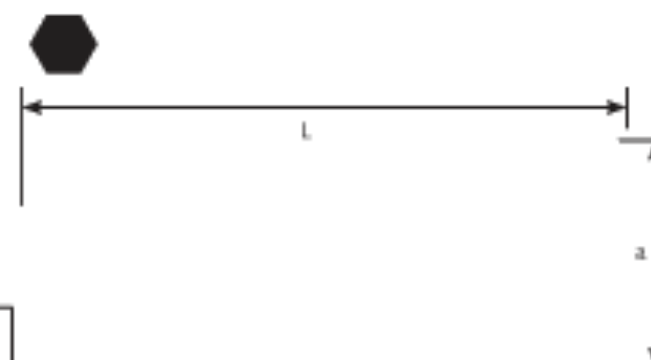

PREMIUM QUALITY chrome vanadium steel wrenches with male hex driver and universal joint. The high precision and high quality of the materials ensure tightening torques higher than those specified in the ISO reference standard. The universal joint is fitted with a spring for controlled positioning and can be tilted by up to 50°.

Sliding bar with limit stops.

Chrome-satin finish with phosphate coated joints.
