

martor SAFETY CUTTERS SECUNORM 300

ITEM: 30000410

Safety cutters easy to use with automatic blade retraction. As soon as you put the blade onto the material to be cut it is sufficient enough to remove your thumb from the mechanism and the blade will re-enter into the handle after leaving the material cut. Can be used by right and left handed people to cut all the most common materials.

GS-Certificate 178531-7034-55094-2019/1

Tech. Code	Dimension mm	Cutting depth mm	Weight g
