✓ Safety

- Central locking for all drawers

✓ Innovation

- Side locker for valuable tools

✓ Laterally extendable leaf

- E.g. for testing devices, laptop etc.

- Side-locker for valuable objects or tools, e.g. torque wrenches
- One key fits in every lock (cylinder lock with 2 folding keys)
- Laterally extendable leaf for testing devices, laptops, etc.
- Flexible profile strip protecting the edges from damage
- Big and sturdy castors, total loading capacity: 750 kg
- High-quality manufacturing and exclusive design (DBGM - German registered utility model)
- Drawers:
 - High loading capacity of 35 kg per drawer
 - 7 small (70 mm) drawers and 1 big (140 mm) drawer

- Two small bottom drawers may be replaced by one big drawer
- Choice of worktops:
 - Modern plastic worktop resistant to solvent (173-1) with compartments for screwdrivers and similar tools (especially suitable for HAZET plastic drawer insert 173-21)
 - Tough wooden multilayer board (173-2) with reception holes for screwdrivers etc.
- Various extension and expansion possibilities:
 - Can holder, e.g. for aerosols
 - Paper bin
